GENERAL PURPOSE AND SCOPE: The Applied Computational Electromagnetics Society (ACES) journal hereinafter known as the ACES Journal is devoted to the exchange of information in computational electromagnetics, to the advancement of the state-of-the-art, and the promotion of related technical activities. The primary objective of the information exchange is to inform the scientific community on the developments of new computational electromagnetics tools and their use in electrical engineering, physics, or related areas. The technical activities promoted by this publication include code validation, performance analysis, and input/output standardization; code or technique optimization and error minimization; innovations in solution technique or in data input/output; identification of new applications for electromagnetics modeling codes and techniques; integration of computational electromagnetics techniques with new computer architectures; and correlation of computational parameters with physical mechanisms.

SUBMISSIONS: The ACES Journal welcomes original, previously unpublished papers, relating to applied computational electromagnetics. Typical papers will represent the computational electromagnetics aspects of research in electrical engineering, physics, or related disciplines. However, papers which represent research in applied computational electromagnetics itself are equally acceptable.

Manuscripts are to be submitted through the upload system of ACES web site http://aces-society.org. See “Information for Authors” on inside of back cover and at ACES web site for additional information contact the Editors-in-Chief:

Dr. Atef Elsherbeni
Electrical Engineering Department
Colorado School of Mines
300B Brown Building
1610 Illinois Street
Golden, CO 80401

Dr. Sami Barouda
DESTEC
Universität di Pisa
Largo Lucio Lazzarino
56122 Pisa, Italy

APPLICATIONS: All members of the Applied Computational Electromagnetics Society are entitled to access and download the ACES Journal of any published journal article available at http://aces-society.org. Printed issues of the ACES Journal are delivered to institutional members. Non-Institutional members can request a printed copy with the pre-paid fee which covers printing and shipping fees. Back issues, when available, are $50 each. Subscription to ACES Journal is through the web site. Orders for back issues of the ACES Journal and change of address requests should be sent directly to ACES office at:

Shaneel Lopez
Electrical Engineering Department
Colorado School of Mines
300A Brown Building
1610 Illinois Street
Golden, CO 80401
salopez@mines.edu

Allow four weeks advance notice for change of address. Claims for missing issues will not be honored because of insufficient notice, or address change, or loss in the mail unless the ACES office is notified within 60 days for USA and Canadian subscribers, or 90 days for subscribers in other countries, from the last day of the month of publication. For information regarding reprints of individual papers or other materials, see “Information for Authors”.

LIABILITY: Neither ACES nor the ACES Journal editors are responsible for any consequence of misinformation or claims, express or implied, in any published material in an ACES Journal issue. This also applies to advertising, for which only camera-ready copies are accepted. Authors are responsible for information contained in their papers. If any material submitted for publication includes material which has already been published elsewhere, it is the author’s responsibility to obtain written permission to reproduce such material.
