The Applied Computational Electromagnetics Society
Announces a Special Issue of the ACES Journal on:

ACES2018 Denver – Advanced Computational Electromagnetic Methodologies and Techniques

Guest Editor in Chief:
Prof. Branislav M. Notaros, Colorado State University, notaros@colostate.edu

The 2018 International Applied Computational Electromagnetics Society Symposium, ACES2018, was held from March 25–29, 2018, in Denver, Colorado, USA, with an outstanding Technical Program. Based on the selection by the ACES Journal Editorial Board, the authors of selected papers are invited to publish their ACES2018 Denver Conference paper in ACES Journal Special Issue on Advanced Computational Electromagnetic Methodologies and Techniques, to be published in a forthcoming issue of the ACES Journal. Potential contributors wishing to discuss the suitability of their contribution may contact the Guest Editor in Chief.

DEADLINE FOR SUBMISSION: September 30, 2018

The authors should submit the paper to the ACES Journal section online, http://www.aces-society.org/journal.php, under the designated special issue option, by September 30, 2018. At the journal paper submission page, under Issue Selection, please select “[ACES] Special issue on ACES2018 Denver – Methods”.

The publication charge will be at a discounted rate of only $100. Over-length page charge of $60 per page is applied for papers with more than Six (6) pages. Payment of publication charge and over-length page charge if applicable must be completed online right after the acceptance of the paper in order to proceed with publication.

ACES Journal is abstracted in INSPEC, in Engineering Index, DTIC, Science Citation Index Expanded, the Research Alert, and to Current Contents/Engineering, Computing & Technology.
